## **Redwater Hot Facts!**

The Redwater Diverter:

- \* *Doesn't need electricity! So it has no ongoing costs*
- \* *Has versatile options for use of the saved water*
  - \* *Obtains near 100% water recovery*
- \* *Is useable with any hot water system in any location*
  - \* *Is useable with any existing or new tapware*
- \* *Doesn't need you to change the way you live, just use the hot tap as normal*
  - \* *Is compact and simple*
- \* *Can be easily retrofitted into existing plumbing and installed into new construction*
  - \* *Compliments other water saving products and systems*
  - \* *Was invented in Australia*
- \* *Is made in Australia and patented in Australia (worldwide patents pending)*

***The Redwater Diverter™ is manufactured to International and Australian Standard ISO AS/NZS 9002, and is awaiting certification to Australian Standard, AS 1357.2***

*It helps you do your bit for the environment without changing the way you live!*
